**POLICE & CRIME COMMISSIONER**

Ref 1424/15

3 March 2015

Dear

**Re: Request under the Freedom of Information Act 2000 (FOIA)**

Thank you for your request for information, which was received by the Nottinghamshire Office of the Police and Crime Commissioner on 25 February 2015.

**INFORMATION REQUESTED**

I understand that there is a theoretical saving of a few million pounds from the discontinuation of car tax discs but balanced against this I would ask:-

How often are checks now carried out realising that any check involves the law enforcement officer using something like a PDA to contact DVLA for each vehicle which all takes time which would be better spent on other crime and disorder tasks. As a matter of interest how many checks have been made and how does this compare with the dozens of visual checks that can be made by officers using the displayed tax disc as they walk the beat. Also of the checks made how many showed that tax had not been paid?

**RESPONSE**

Under S 1 (1) (a) of the Freedom of Information Act 2000 (FOIA), I can confirm that the Nottinghamshire Office of the Police and Crime Commissioner does not hold the information you have requested.

I would like to take this opportunity to thank you for your interest in the Nottinghamshire Office of the Police and Crime Commissioner.

Should you have any further enquiries concerning this matter, please write or contact the Freedom of Information Officer on telephone number 0115 8445998 or e-mail [nopcc@nottinghamshire.pnn.police.uk](mailto:nopcc@nottinghamshire.pnn.police.uk).

Yours sincerely
