

Nottinghamshire Office of the Police and Crime Commissioner **BRIEFING ON COVID-19 EXTRAORDINARY MOJ FUNDING FOR** **DOMESTIC ABUSE AND SEXUAL VIOLENCE SUPPORT SERVICES** **MAY 2020**

Introduction

In April 2020 the Government announced a £750m fund for charities to help them to support vulnerable people during the COVID-19 pandemic. Of this funding, £360m will be awarded directly from Government departments and £370m through the National Lottery.

This document provides a summary of the COVID-19 Government funding available for victim support services in Nottinghamshire. It brings together key information from Government funding guidance which is available in separate documents.

Rape Support Fund Extraordinary funding (devolved)

In addition to the Extraordinary funding for Sexual Violence Support Service either commissioned or not commissioned by the PCC (£97,500 – see above), the PCC will apply to MoJ for Rape Support Fund Extraordinary funding. This is because in Nottinghamshire the MoJ’s Rape Support Fund is devolved to the PCC. Only the organisations currently funded by the Rape Support Fund are eligible to be included. The OPCC will contact these organisations separately.

Eligibility Criteria

Funding is for registered charities and social enterprises to meet additional costs occurred as a result of adapting services due to COVID-19 or to meet additional demand as a result of COVID-19. To be eligible, organisations must provide support services which have the purpose of helping victims of crime cope with the impacts of crime, and, as far as possible, recover from the harm they have experienced. Organisations must not use this funding for the development of new projects or services not related to the COVID-19 response and they must ensure that COVID-19 related costs cannot be met from any existing funding stream, fundraising, private donations and existing grants.

All funding is only available for the time period **24th March to 31st October 2020**.

All initiatives funded must finish by 31st October or the organisation must be confident they can continue to provide the funding themselves after 31st October. No carry forward of MoJ Extraordinary funding, or funding extensions, are permitted by Government.

The Government has set out the funding criteria below.

Eligible spend

Funding may be used to:

- address short term income disruption where organisations are unable to take advantage of existing government measures;
- meet essential costs of sustaining current activities, such as the move to remote working and digital rather than face to face support; and
- address increased demand, including adapting services to address more immediate beneficiary needs in light of COVID-19.

Funding may not be used for:

- needs where costs can be met through other COVID-19 support measures, such as the Coronavirus Job Retention Scheme and the three month VAT deferral;
- campaigning activities; religious activities outside of projects benefiting the wider community and not containing religious content; political or lobbying activities; loan repayments; or activities that make profit for private gain;
- capital works e.g. building repairs but can be used for other capital costs such as ICT equipment to enhance your communications and help reach local people;
- for goods or services that have been bought or ordered before 24 March 2020, ie the start of the lockdown; and
- any outstanding debts which an organisation incurred prior to 24 March 2020.

Any spend that funded organisations commit to beyond the 31 October 2020 must be met through their own funds.

Organisations must not apply for duplicate funding. MoJ will work with other Government Departments to ensure that there is no duplication of funding across Government Departments. The PCC will work with the City and County Councils and National Lottery to ensure that there is no duplication of funding within Nottinghamshire.

Process

MoJ has stipulated that:

- PCCs must conduct an open and transparent needs assessment with published assessment criteria. This must be open to all relevant support organisations in the PCC area and encourage applications from small specialist organisations that support groups with protected characteristics.
- PCCs must conduct a due diligence process on organisations requesting funding. This should include ascertaining whether the organisation has lost income due to COVID-19, if additional income has been received and if reserves are being used.
- The names of all organisations that requested funding and details of those that were successful should be published on completion of the process.

The funding timetable, including the deadlines, has been stipulated by MoJ and is as follows:

The OPCC has tried to keep the information requested from providers to a minimum.

Organisations with successful Expressions of Interest which are already funded by the PCC or the City or County Council will have their existing contracts varied. All other organisations with successful Expressions of Interest will need to sign the PCC's grant agreement.

Reduced funding offer

It is possible that applicant organisations will be offered a reduced sum of funding. Organisations must state in their Expressions of Interest which activity they would like to be prioritised.

Submission

Expression of Interest Forms should be sent to grants@nottinghamshire.pnn.police.uk at Nottinghamshire Office of the Police and Crime Commissioner by **11.59pm on Monday 1 June 2020**. The timescale imposed by MoJ is very tight and the PCC will not be able to consider any late expressions of interest.

Please note that your Expression of Interest Form does not guarantee that you will receive funding. Funding will be confirmed by a letter from the PCC.

Reporting

All successfully funded projects will be required to report on spend and activity to the PCC by mid November. The PCC is awaiting the reporting template from MoJ.
