

2023-25

Innovation Fund

Eligibility Criteria

June 2023

**NOTTINGHAMSHIRE
POLICE & CRIME
COMMISSIONER**

Introduction

The Police and Crime Commissioner (PCC) Caroline Henry is calling for innovators to apply to her new Make Notts Safe Innovation Fund. The PCC wishes to use this fund to support truly **NEW** and **INNOVATIVE** project ideas which aim to make a real difference to local communities. The fund will enable organisations to think differently and develop original solutions to localised problems. Applicants must be able to evidence how the proposed initiative will help to address one or more of the PCCs three priorities outlined in her [Make Notts Safe Plan](#): Preventing, Responding and Supporting.

Multi-year funding is available, with up to £150,000 to be allocated between October 2023 and March 2025 to support truly **NEW** and **INNOVATIVE** project ideas.

The Make Notts Safe Innovation Fund is open to expressions of interest from any UK-based organisation who would like to apply for funding to:

- **Research and develop a process, product, or service**
- **Test your innovation idea**
- **Collaborate with other organisations**
