INTRODUCTION

What is Safer Streets?

Safer Streets is a Home Office funded initiative to improve safety in public spaces and also to make people feel safer when they are out and about. It is particularly targeted at helping to reduce neighbourhood crime and antisocial behaviour and preventing violence against women and girls.

Police and Crime Commissioners work in partnership with local councils to bid for funding, which can be used on projects such as new CCTV cameras, street lighting, youth provision and home security devices. Ashfield District Council will deliver the project in Sutton-in-Ashfield with the support of the Safer Streets partnership.

What is the money being spent on?

The Office of the Police and Crime Commissioner for Nottinghamshire secured £333,000 of funding for projects across the North Nottinghamshire Community Safety Partnership area, with a portion of this to be spent in the Ashfield District.

Ashfield District Council will use the funding to carry out environmental improvements such as the removal of graffiti and trimming back trees and bushes to improve CCTV coverage.

In addition the funding will provide for Safe Space accreditation training for businesses, as well as improved security for businesses including the installation of CCTV to help support evidence gathering.

Lastly, the funding will provide five purpose built CCTV columns to be strategically placed on the Carsic Estate in targeted areas.

SUTTON-IN-ASHFIELD

Which locations will be targeted?

Five purpose built CCTV columns on the Carsic Estate in Sutton-in-Ashfield.

Safe Space accreditation and additional CCTV to businesses situated around the Carsic Estate.

The environmental improvements will also be undertaken through the Carsic Estate.

Five new HD-CCTV cameras

Environmental improvements

Safe Space accreditation and CCTV
