INTRODUCTION

What is Safer Streets?

Safer Streets is a Home Office funded initiative to improve safety in public spaces and also to make people feel safer when they are out and about. It is particularly targeted at helping to reduce neighbourhood crime and antisocial behaviour and preventing violence against women and girls.

Police and Crime Commissioners work in partnership with local councils to bid for funding, which can be used on projects such as new CCTV cameras, street lighting, youth provision and home security devices. Bassetlaw District Council will deliver the project in Worksop North with the support of the Safer Streets partnership.

What is the money being spent on?

The Office of the Police and Crime Commissioner for Nottinghamshire secured £333,000 of funding for projects across the North Nottinghamshire Community Safety Partnership area, with half of this to be spent in the Bassetlaw District.

Bassetlaw District Council will use the funding to install 10 new state-of-the-art, 4G CCTV cameras on and around the Sandy Lane estate in Worksop.

It will fund the installation of gates between Colbeck House and Sandy Lane residential buildings, with new fencing to define the front gardens of the Sandy Lane properties.

Additional environmental improvements will see trees and foliage cut back to improve the coverage and lines of site of the CCTV network.

WORKSOP NORTH

Which locations will be targeted?

The additional CCTV cameras will be located at the following places:

Sandy Lane, Cresswell Road, Trent Street, Sime Street and the surrounding areas.
