Dear Christine,

Re: Response to Police & Crime Commissioner's Annual Report 2022/23

Thank you kindly for the comments and feedback you have shared on behalf of the Police and Crime Panel regarding my Annual Report for 2022/23. I am grateful for the time that you have taken to assess the report and in providing your ongoing support and constructive scrutiny.

I acknowledge that the sustained reductions seen in anti-social behaviour, as measured by Nottinghamshire Police incident statistics and our Police and Crime Survey, have not been reflected in all localities across Nottinghamshire. Please be assured that we are working with partner agencies via the ASB Taskforce to identify and respond to locally emerging ASB issues, adopting recognised best practice and tools and problem-solving techniques developed as part of the Safer Streets programme. If you have any specific issues of concern in your communities, I would be grateful if you could make the taskforce aware via Daniel.howitt@notts.police.uk

As you have highlighted, the work we are undertaking to map key partnership agendas and their alignment to the Police and Crime Plan will be instrumental in determining how and where my office and I engage with the sector to ensure that my plan and statutory functions are effectively discharged. We look forward to sharing more information on this as the project develops.

Driving improvements in public trust and confidence in the police remains one of my core priorities and I welcome your ongoing support and challenge in ensuring our communications, activity and resource allocation is receptive to emerging trends in this area.

Partnership
Nottingham City and Nottinghamshire

I have noted the panel's request for further localised information with regard to the allocation of police resources, awarding of grants and levels of public trust and confidence in the police. Throughout my term in office to date, I have strived to ensure a fair share of resources across local communities, and rural communities in particular, and will endeavour to ensure openness and transparency in our reporting of investment and outcomes at a local level.

More specifically, the following information will be formally reported to the panel as requested in November:

- Prosecution and conviction rates for domestic abuse
- An update on tackling rural crime
- The staffing structure of the Office of the Police and Crime Commissioner
- Latest results of the Police and Crime Survey (Performance and Insight)

Once again, thank you for your comments on the annual report and for your ongoing support and challenge of the work we are undertaking to make Nottinghamshire Safe.

I look forward to continuing to work with you over the coming months.

Yours sincerely

Caroline Henry
