TITLE: Capital Funding Request for Custody Improvements

EXECUTIVE SUMMARY:
As part of Force's current custody works at the Bridewell and Mansfield to improve safety within custody cells it was proposed to replace the existing non-compliant wash basins. Since our project was designed and tendered last year the Home Office have developed a new basin, with a company called Wallgate Ltd., which is a new anti-ligature solid surface recessed basin with managed water system to comply with their guidance for hand basins and given their approval to this basin as being suitable for use in custody cells. An extra £99,000 is requested to be applied to Capital project B096 Custody Improvements so that the Force installs the most up to date compliant wash basins. At this point in time, there is no scope to vire money from other projects as the underspent projects have already given back as unspent funds.

INFORMATION IN SUPPORT OF DECISION: (e.g report or business case)

ACO Monckton's approval was given on16 Decemeber 2014.
Capital Funding Request was made to Finance on 22nd January 2015.
DCC Fish's approval was given on 6 February 2015.
