**TITLE: Direct Award for Targeted Youth Outreach**

**EXECUTIVE SUMMARY:**

This decision form seeks approval of a Single Tender Waiver in order to directly award £60,000 to Nottingham Forest Community Trust (NFCT) for the provision of continued targeted youth outreach by Breaking Barriers Building Bridges (BBBB).

**INFORMATION IN SUPPORT OF DECISION: (e.g report or business case)**

The OPCC and VRU have commissioned targeted outreach by Building Bridges Breaking Barriers since 2019. As a result of positive outcomes for young people participating, as well as a decline in incidents of serious violence in the outreach area and a promising independent evaluation by Nottingham Trent University, the NNVRU wish to commission the provider for another year (April 2021 to March 2022) with the option to extend for a further year (April 2022 to March 2023) should the budget be available and the performance be acceptable.

A Single Tender Waiver is being proposed in order to maintain consistency of service for the next 12 months.

Much of its success as an intervention lies with the credibility and relationships that the Outreach Team (BBBBs) have built with the vulnerable young people that they are supporting as available, trusted adults. They also have developed positive working relationships with business owners and the police team as well as having strong referral pathways in place to support services, such as mental health, substance misuse and housing. Furthermore they have been allocated external funding to establish a safe space for young people nearby. Taking all of this into account, they are a unique provider and it would be detrimental to the positive outcomes they have evidenced so far to appoint an alternative provider at this time.

Recognising that the VRU cannot continue to sustain the intervention in the long term, alternative funding sources have already been sought for a large portion of the funding required this year bringing the VRU/ OPCCs funding contribution down to 50% in 2021/22 and a further 50%, should funding be available in 2022/23.
