Post Inspection Review 3-7th August 2015	Off target	28/07/2016 Det Supt Griffin is due to meet with Moira Munroe from HMIC to finalise the Force's response to this review in August prior to publication"
30/6/2016	Recommendation 11: The force should review the process by which repeat standard risk cases are identified and put in place a means by which these are monitored to ensure risk assessments accurately reflect a series of low level incidents.	Action: Review the process by which repeat standard risk cases are identified and put in place a means by which these are monitored to ensure risk assessments accurately reflect a series of low level incidents.	DCI Leigh Sanders	HMIC	Nottinghamshire Police's approach to tackling Domestic Abuse (local report)	Off target	28/07/2016 TDI Dean: DA has been subject of a process review and this area has been highlighted to the review team who will look at recommendations surrounding this. This process happens in a multi-agency environment within the MASH and DART but the above is to look at what the police response will be.  This action is not expected to be finalised until the results of the Peer to Peer review and the Public Protection Business Case have been finalised. A new completion date of November 2016 is proposed.
30/6/2016	Recommendation 9: The force should have a stronger, more formalised process on prevention, identification and management of serial and serious perpetrators, with clear responsibility and actions for officers, including how partner agencies will work with the police to reduce re-offending.	Action: Develop a stronger, more formalised process on prevention, identification and management of serial and serious perpetrators, with clear responsibility and actions for officers, including how partner agencies will work with the police to reduce re-offending.	DCI Leigh Sanders	HMIC	Nottinghamshire Police's approach to tackling Domestic Abuse (local report)	Off target	28/07/2016 TDI Dean has met with Insp Harris and CI Anderson to look at whether this area of perpetrator management can sit within IOM. A new completion date of November 2016 is proposed.
30/6/2016	Recommendation 4.4: The Force should report annually on activity against historic plans and refresh future forecasts and plans accordingly.	Action: Carry out a review to understand the level of resources required to report annually on activity against historic plans and refresh future forecasts and plans accordingly.	Maria Fox (Archive & Exhibits Manager)	Mazars	Proceeds of Crime Act January 2016	Off target	The thrust of this action required a paper to be put before the Transformation Board in respect of certain matters. That has now been completed. Thinking further ahead and in direct response to the wording of the action as opposed to the narrative I think there is a need to report formally to the Force the annual ARIS incentivisation (held by HO and published on performance insight). It needs to be decided what is the best format for reporting to take place.  DCC Scrutiny 25/07/2016: Requested copy of final report to put this recommendation into context.

31/08/2016	Recommendation: MFSS process maps and desk instructions should be subject to review and update where necessary, following which they should be subject to this process at least annually. Any revisions to instructions should be communicated to all relevant staff	Action: Shelley Foy MFSS Accounts and Purchasing Service Delivery Manager. Review and update map and desk instructions. Introduce a regular updating process to include revisions to instructions to be communicated to all relevant staff	Mark Kimberley (Head of Finance Nottingham)	Mazars	Core Financials February 2016	At Risk	Follow up visit from MAZARS auditors on 05/07/16 states: , audit obtained the reviewed desk instructions and noted that the date of the documents was either the same as previous or was not evident. Additionally, the following is not evident on the desk instructions: • Version control; • Last review date; • Next review date; and, • Name of reviewer. Therefore, there is no evidence of when the review took place, who completed the review and when the next review is due and so audit could not confirm, other than through discussion, that a review of all the desk instructions had taken place. It has therefore been concluded that this recommendation has been partially implemented and it has been agreed that further updates will be completed by the end of August 2016.  DCC Scrutiny 25/07/2016. Supports end August as new completion date
31/08/2016	Provide assurance / response to the DCC in relation to final published report.: In harms way: The role of police in keeping children safe.	Action: Consult with stakeholders and subject matter experts to provide a response to final report. Present findings to DCC for scrutiny and approval. 31/08/2016	Recommendation: The police and CPS should ensure that a formally agreed common naming convention covering all document types is consistently applied	Action: Formally agree with CPS a common and consistent naming convention covering all document types.	Janet Carlin	CJJI	Delivering Justice in a Digital Age	At Risk	Update 13/7/16 (JC) - The workshop on the 5th July took place and the phase two of naming conventions is now in draft form. For the most part the technical solutions are easy to determine in Niche however there are some which need further work (Phase 1 and 2) and a meeting took place on 12th July between East Midlands CJ, CPS and Niche technical leads to find a solution for the region. This is being designed and hopefully a solution for delivery will be put into place within the next two months. It does however, rely upon officers inputting details correctly and in the right field in order for the correct information to be transferred. Information on how this is to be achieved will be provided once the technical solution is built and ready to be delivered. any non-compliance therefore would need to be reported back to force to take remedial action.  DCC Scrutiny 25/07/2016: Update comment noted.

31/08/2016	Recommendation: National Police Chief's Council, CPS and Her Majesty's Courts and Tribunals Service undertake a comprehensive national cost and benefits assessment resulting from digitalisation implementation. This should be informed by information from a local level	Action: Undertake a comprehensive cost and benefits assessment resulting from digitalisation implementation, informed by information from the local Digital Working Group.	Janet Carlin	CJI	Delivering Justice in a Digital Age	At Risk	Update J Carlin 13/07/2016: This is a national action and not one which will be directed locally. Nottinghamshire Police will need to respond to whatever is put to us as and when it arrives. It may come via the Chief Constable who will pass it to Ch Supt Julia Debenham Head of East Midlands Criminal Justice or it may go straight to Ch Supt Debenham who will respond accordingly. Whilst there may be some benefits realisation from Niche, this is a much wider area of work and across several agencies.  <b>DCC Scrutiny 25/07/2016: Update comment noted.</b>
31/08/2016	Recommendation 8: With the CPS and courts, the force should reduce the double listings of domestic abuse cases to improve victim engagement and attendance.	Action: With the CPS and courts, the force should reduce the double listings of domestic abuse cases to improve victim engagement and attendance.	DCI Leigh Sanders	HMIC	Nottinghamshire Police's approach to tackling Domestic Abuse (local report)	At Risk	Update: With the advent of NICHE there should be no double bookings / listings a it is an automatic system that enables regional custody suites to bail to Nottinghamshire DA courts. However at the last Domestic and Sexual Violence Action Delivery Board (where both CPS and Court representatives attend) it would still appear that both a) Double listings still occur as does B) Persons charged do not appear on the court listings. To that extent, there must still be teething issues with NICHE and within the custody process. To liaise with NICHE project board and head of custody to establish where the difficulty exits with what appears to be an automated service.  <b>DCC Scrutiny 25/07/2016: Update comment noted.</b>
31/08/2016	Recommendation: The force should improve the way it works with partners to share information and safeguard vulnerable people, specifically in relation to addressing the backlog in cases that require further assessment and referring to other organisations. Need to determine what the specific difficulties are with completing this activity and why an extension to the end of Jan 2017 is required.</b>
31/08/2016	Recommendation: Management should review the suppliers in the system and remove those which are no longer being used. Management should ensure that staff use existing suppliers before procuring from new suppliers, and use this as a basis for negotiating multiple purchase discounts where possible. This should be monitored in line with recommendation 4.5. (Local Responsibility)	Action: Nottinghamshire Police Contract lead to ensure MFSS to carry out an audit and data cleanse the suppliers from the system Communication to be sent out advising staff to use existing suppliers before procuring from new suppliers. Lindsey has asked Paul Dawkins for an update on this, Paul Dawkins to check with Mark Kimberley and update.</b>
31/08/2016	Recommendation: Consideration should be given to monitoring purchases below £25,000 across the shared service forces. Action: EMSCU to monitor and report under £25,000 spend in Nottinghamshire. EMSCU to also identify where multiple contracts could be amalgamated to deliver greater economies of scale and further savings	Ronnie Adams (Commercial Director Procurement)	Mazars	Procurement January 2016	At Risk	<b>Lindsey Stillings, 01.08.2016: Awaiting update from Ronnie Adams.</b>

Ch Supt Julia Debenham	CJI	Provision of Charging Decisions	At Risk	LJ update 06/07/2016: Bail plan for region agreed at SMT, debated at SCG. For Notts bail plan is already in place for most part with bail Sgts. Notts perform is generally better than rest of region for this reason.  <b>DCC Scrutiny 25/07/2016: An update will be provided by Ch Supt Debenham at FEB in September.</b>
31/08/2016	Recommendation 4.9: The reports detailing officers who are still to complete the Victims Code training should be located and the system for following up non compliance established to provide assurance that all officers are adequately trained to ensure compliance with the Code. 18/6/2016	Recommendation: The workforce is not universally aware of the coaching and mentoring scheme, which is an area that the force could improve. This means the force may not fully identify the talent available in the organisation.	Action: Re-promote Force-wide (via Corporate Communications) coaching and mentoring development opportunities. This will assist line managers to help support their team's PDR conversations, understand what talent development processes exist and how individuals can potentially access a Force mentor or coach.	James Lunn (Senior HR Partner)	HMIC	Leadership 2015	Recommend Complete	IH update 22/07/2016: Guidance information for line managers regarding the process for accessing either coaching and mentoring support is provided on the Force PDR intranet page. A specific coaching and mentoring section will be incorporated into the online PDR documentation from the start of the 2017/18 PDR year. This will call a manager's attention to the coaching and mentoring process, how it works and what a manager needs to do. The Leadership and Management Development function has regular direct contact with senior leaders and will continue to highlight the role and the importance of coaching and mentoring opportunities for their officers and staff. Coaching and mentoring also clearly feature within internal promotion processes, as part of the development options running alongside the work-based assessment stage.  As part of the expected tri-force Organisational Development and Leadership Strategy, opportunities to create a shared coach and mentor pool with local Fire and Rescue Services will be explored.  <b>DCC Scrutiny 25/07/2016: DCC will review Ian Hebbs comment and reconsider completion of this activity. To manage and co-ordinate the development and implementation of the overarching strategy. To develop and implement individual areas of the FGM action plan through multi agency and integrated working practices in conjunction with robust community engagement, consultation and development. Ensure FGM is embedded within all Domestic Violence cases (including children). Develop, promote and monitor training provision and uptake. Promote and support local community engagement. Develop robust commissioning systems which will improve access to appropriate services including but, not exclusively: maternity, paediatric, obstetrics and mental health services. The Female Genital Mutilation Board will provide leadership, guidance and expertise for the successful identification and prevention of FGM. It will ensure that key leaders, experts and officers are engaged in the governance structure at the appropriate level. It will also ensure robust project, financial and information management. The Group will be accountable to the Nottingham City Adults and Children's Safeguarding Boards and Nottinghamshire County Adults and Children's Safeguarding Boards. This group has produced a clear working practice for all partners to adhere to. Best practice and current guidance are distributed to all partners. HBA/FM – there are single authority groups looking at these areas under the DSWA in the City and a Task and Finish Group in the county whose purpose it is to improve practice/reporting and raise awareness in these areas.  Request to show this as complete.  <b>DCC Scrutiny 25/07/2016. Support completion once I have seen the ToR and membership for the strategic group.</b>
