ANTI-FRAUD & CORRUPTION POLICY – REVIEW OF COMPLIANCE (APRIL – SEPT)

1. Purpose of the Report

- 1.1 The East Midlands Strategic Commercial Unit (EMSCU) published their policy entitled Prevention of Fraud and Corruption in the Procurement Process (the Policy) on 16th May 2013 – see Appendix A. The policy is written for all three partner Forces and whilst written to be applicable to procurement activity conducted by EMSCU for contracts with a total value of £25k and above, the principles are equally applicable to lower level procurements. The three partner Forces are Nottinghamshire Police, Derbyshire Constabulary and Northamptonshire Police.
- 1.2 The report informs the Audit and Scrutiny Panel of the level of compliance against the EMSCU Fraud and Corruption Policy for the period April 2013 until September 2013.

2. Recommendations

- 2.1 It is recommended that the Panel notes the following:
- 2.2 That EMSCU's Commercial Director has received no reports of any fraudulent activity following any audit of procurement activity undertaken by the Force.

- 2.4 That EMSCU's Commercial Awareness training programme which was launched in December last year is to be delivered on an ongoing basis, includes content on the prevention of fraud and corruption in the procurement process.

PROCUREMENT FRAUD

Procurement is a particularly high risk area in terms of fraud. It is important that EMCSU officers, Force officers and staff involved in the procurement process are aware of procurement fraud risks and able to recognise and report potentially fraudulent activity.

There are two basic types of procurement fraud:

- i) Collusion between procurer and supplier
- ii) Collusion between suppliers

Listed below are the specific fraud risks that fall under these two general headings (based on information provided by CIPFA), including controls for mitigating the risks. Whilst the Force(s) Contract Procedure Rules and Standing Orders embed these

controls, Force officers and staff should be conscious of the risks and the reasons for the controls.

COLLUSION BETWEEN PROCURER AND SUPPLIER

The principle Risks that could exist in relation to fraud during the relationship between the procurer and the supplier are as follows -:

- A need / requirement is invented
- Matching a specification to favour a particular supplier
- Supplier introduced to selection / evaluation process by single officer
- Tender invitations only made to preferred supplier
- Provision of information is only provided to preferred supplier
- Tender documents disappear or are altered
- Inadequate records showing, for example, when tenders were received
- Undeclared interests of members of the evaluation panel or bidders
- Tender assessment criteria not established, allowing manipulation of the evaluation
- Use of non-standard contracts, including an overly complex / vague schedule of charges

Payment risks, e.g. payment for goods that were not received or were of lower quality, over ordering, duplicate invoices, suspicious invoices (no valid VAT no., mobile phone no. only, little / vague information, round sum amounts, sequential invoice nos. over extended period)

Controls:

- Specifications drafted wherever possible, as a result of the Force Procurement Business Partner consulting with users and the supply market (not just one provider), encouraging innovation by stating outcomes wherever possible, and stating 'or equivalent' wherever appropriate
- Documented policies and procedures. For example, how and in what circumstances shortlists are compiled (see Clause 7.6 and 7.14 of the Contract Procedure Rules)
- Authorisation and documentation of exceptions from policy and procedure (see Clause 8.4 of the Contract Procedure Rules and specifically Clause 7.5 – Exemptions to normal procedures/single tender action)
- Standing / Approved List membership being subject to authorisation, and adherence to submission, financial and technical criteria (see Clause 7.8 of the Contract Procedure Rules)
- Standing / Approved List / Framework Agreement usage monitored to track for example contract awards
- Equality of opportunity for all suppliers to submit tenders (see Clause 7.6 of the Contract Procedure Rules)
- Management trail – documented evidence of how suppliers were selected (see Clause 7.18 of the Contract Procedure Rules)
- Clear instructions in independently despatched tender invitation documents
- Any clarifications following the issuing of the Request for Quotation or Invitation to Tender are provided to all potential bidders

- Declaration of interests of evaluation panel members – completion of Tender Panellist Declaration form (Form Ref EMSCU 002) as per Appendix A (see Clause 2.3.2.1 of the Contract Procedure Rules)
- Declarations of interests of tenderers. The following question (or similar) should be asked in the Pre-Qualification Questionnaire or Invitation to Tender:
 - *To the best of your knowledge, does any director or senior officer of your organisation have any personal or financial connection with any member or senior officer of Nottinghamshire Police / Derbyshire Constabulary / Northamptonshire Police?*
- Procedures for tender receipt, e.g. fully auditable for every stage of the tender process using the Proactis e-tendering system, including recording, date/time stamping, opening, custody (see Clause 7.11 of the Contract Procedure Rules)
- Evaluation methodology and criteria formally established prior to issuing Request for Quotation or Invitation to Tender (see Clause 7.14 of the Contract Procedure Rules)
- Policy for post tender negotiation (see Clause 7.15 of the Contract Procedure Rules)
- Contract conditions approved by Legal Services
- Documentation of the recording, authorisation, acceptance (see Clause 7.11), notification to tenderers (see Clause 7.16) and retention of tender documents (see Clause 7.18)
- Ordering, receipt and invoicing in compliance with approved electronic system, whether National Police Procurement Hub (NPPH), Force(s) Financial System, Procurement Card

Valuation of works and services

Risks:

- Valuations are made at face value without checks and / or verification to supporting documentation
- Authorisation of payments is made without assurance that checks have taken place
- Inflated claims for payment
- Due damages and credits not being deducted

Controls:

- Checking and sign off of interim valuation certificate
- Full supporting documentation provides completeness, for example how the valuation was compiled, calculated, that deductions (such as for defective work) are included and mitigating actions taken on delays
- Adherence to Force(s) Financial Regulations and the necessary checks of the above prior to payment certification
- Documentation and approval of decisions to deduct damages/apply credits

Collusion between suppliers

Risks:

- Suppliers are part of a cartel and divide up contracts between them by sharing tender information
- Pressure on non-cartel members to not submit tenders

Controls:

- Suppliers appointed on the basis of quality as well as price – most economically advantageous tender
- Monitoring of tender activities and market awareness by Procurement Services – to identify suspicious behaviour, e.g.:
 - patterns of successful tenderers
 - high margins between tenders
 - same price, discounts, service, credit terms offered by tenderers
 - unexpected refusal to tender
- Maintain the confidentiality of tenderers

How do you report suspected collusion between procurer and supplier or between suppliers? Inform Barbara Cairney, Head of Procurement Services, EMSCU (Barbara.cairney@emscu.pnn.police.uk) Tel : (03000 111 222 ext 7440)
