## **East Midlands Police Collaboration Update**

### **1. Purpose of the Report**

- 1.1 The purpose of this report is to provide an update to the members of the Audit and Scrutiny Panel in relation to collaboration in the East Midlands by way of a high level overview.

### **2. Recommendations**

- 2.1 It is recommended that members of the Panel note the contents of the report.

### **3. Reasons for Recommendations**

- 3.1 To ensure that members are fully informed of the progress made by the East Midlands Police Collaboration Team to-date.

### **4. Summary of Key Points**

- 4.1 There is an overall vision to develop an integrated East Midlands Operational Support Service (EMOpSS) for participating forces. This will be achieved through a staged approach and includes the following business areas; Armed Policing, Strategic Roads Policing, Specialist Services and Command & Control. The regional OSD senior management team is now in place and it is expected that an outline business case / options paper will be presented to the Programme Board at the end of September showing how Phase 3 will be implemented. It is in this phase that cost savings will be delivered in addition to other benefits including consistency of approach in leadership, strategy, people, partnerships, resources and processes will be realised together with increased operational resilience.
- 4.2 The East Midlands Criminal Justice Service (EMCJS) collaboration continues to move forward under four business areas – Senior Management Team and Business Support, Prosecutions, Witness Care and Custody and the Head of EMCJS is in post. The Custody work stream is developing plans around the

regional use of custody estate, with the objectives of enhancing interoperability, streamlining and standardising processes in support of investigations. Initial proposals will be delivered in mid-September. EMCJS is working with partners at a regional level to deliver action plans around Transforming Summary Justice (to increase the number of cases dealt with at first hearing by improving the quality of files, separating anticipated guilty and not guilty cases, and improving case management by CPS, Police and Courts ahead of first hearings). Other regional pieces of work under development within Criminal Justice include the creation of Virtual Remand Courts. The project will deliver the technology and working practices to enable remand hearings to be held virtually, with prisoners remaining in police custody (mitigating the cost of transport to court and management at court). It will also deliver the benefits of using the same technology to enable officers, victims and witnesses to provide evidence virtually. EMCJS is working closely with the Niche implementation team to prepare for the delivery of the integrated IT platform. The successful delivery of this platform will release further potentials for the alignment of working practices and delivery of savings at a regional level. The first tranche of the EMCJS programme is scheduled to conclude by the end of 2014, by which time clear proposals will have been developed and costed. The second tranche of work (developing implementation plans), will commence in January 2015.

- 4.3 A decision has been taken to disband the Resources portfolio. However, Chief Constable Eyre is still leading on the Business Support work. This area of business includes a two force project between Nottinghamshire Police and Northamptonshire Police seeking to transform the infrastructure and services to produce a single flexible infrastructure and service base where possible. A Lean Specialist has been appointed and will work in conjunction with the project team and specifically with the EMPCT Business Support team as they facilitate senior management and staff workshops, followed by the commencement of process mapping.
- 4.4 Chief Constables and Police and Crime Commissioners (PCCs) have agreed to a new regional Governance structure (please see Appendix A).
- 4.5 The Collaboration Team has re-structured to reflect the new portfolio structure with a Business Support Portfolio Lead having taken up post. A Performance Analyst has also been recruited and two Researcher/Clerical assistants are now in post.
- 4.6 EMSOU/National Crime Agency co-location plans continue and the project is progressing well. An agreement has been reached to purchase the Building and to fit-out half. It is anticipated that the purchase will be completed by the end of September 2014.

- 4.7 The regional Forensics project continues to progress with plans for the Arrow Centre development moving forwards. The Regional Collaboration Team has now moved out of the Arrow Centre to allow work to commence on the Forensics Centre of Excellence.
- 4.8 Results of the recent Innovation Fund bids have now been received. The East Midlands region has been successful in a large number of those bids submitted (please see Appendix B for the full list).

## **5. Financial Implications and Budget Provision**

- 5.1 There are no financial implications arising from this report.

## **6. Human Resources Implications**

- 6.1 Human resource implications in relation to collaboration are highlighted in the above, 'summary of key points' section.

## **7. Equality Implications**

- 7.1 There are no equality implications arising from this report.

## **8. Risk Management**

- 8.1 There are no risks highlighted in this report.

## **9. Policy Implications and links to the Police and Crime Plan Priorities**

- 9.1 The work of the East Midlands Collaboration team is clearly linked to the seven priorities of the Police and Crime Plan. Collaboration is not only pragmatic, but will help achieve results that enhance the way the police service in the region does business.

## **10. Changes in Legislation or other Legal Considerations**

- 10.1 There are no relevant changes in legislation or other legal considerations with regards to this report.

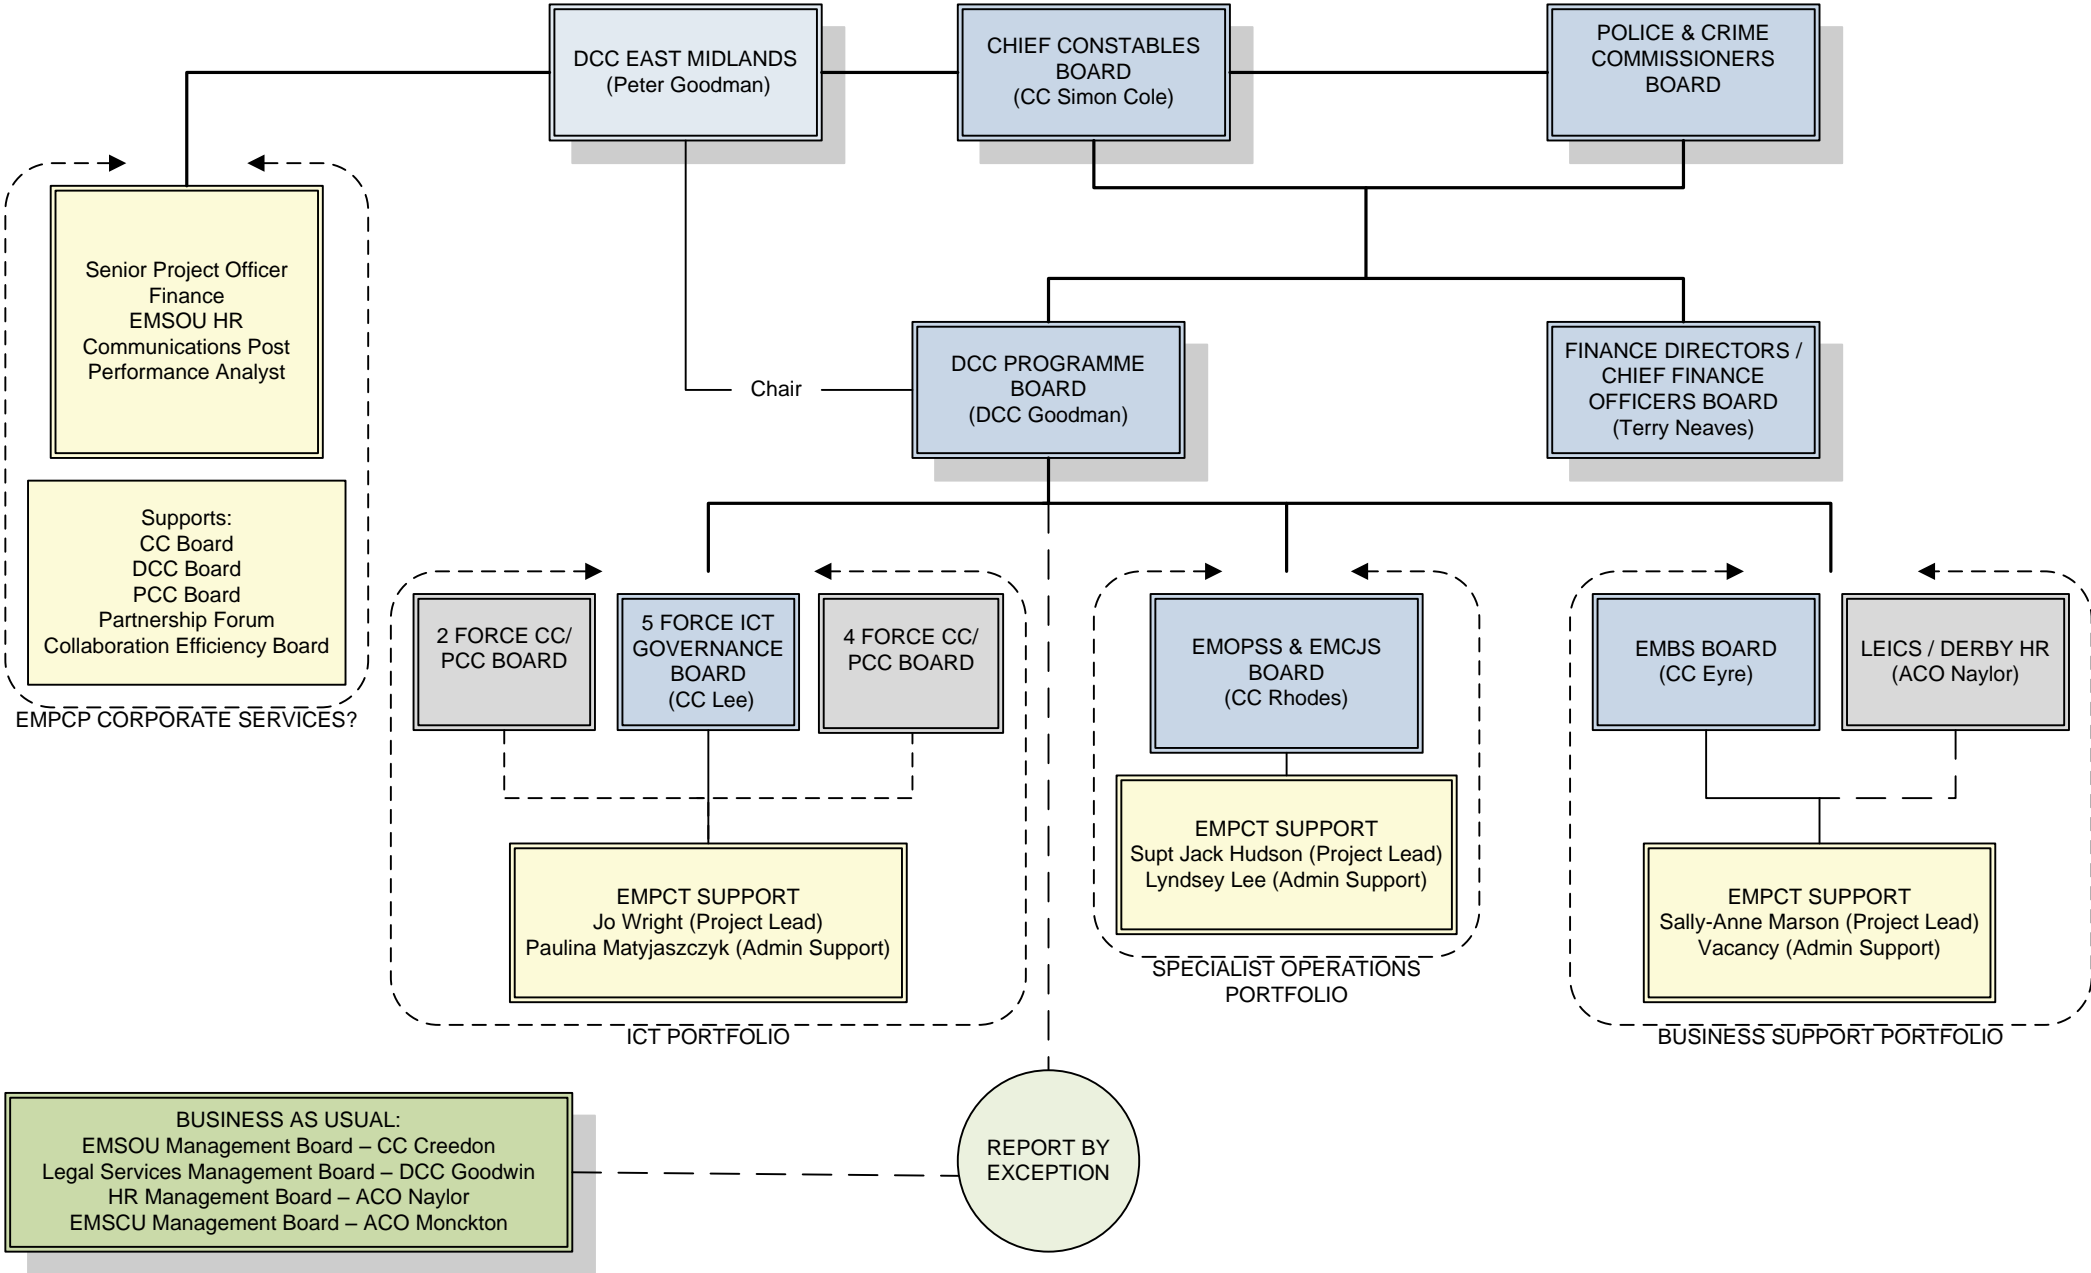

## **11. Details of outcome of consultation**

- 11.1 There has been no consultation in the preparation of this report.

## **12. Appendices**

- 12.1 Appendix A – regional governance structure.
- 12.2 Appendix B – Innovation Bids.
