Strategic Risk Management Report for Force and Nottinghamshire Police and Crime Commissioner (NOPCC), Quarter 1, 2019/20

1. Purpose of the Report

- 1.1 To provide the Joint Audit and Scrutiny Panel (JASP) with an up to date picture of strategic risk management across the Force and the Nottinghamshire Office of the Police and Crime Commissioner (NOPCC).

2. Recommendations

- 2.1 It is recommended that the JASP notes the current approach to strategic risk management and considers the assurance that this report provides as to the effectiveness of those arrangements within the Force and NOPCC.
- 2.2 JASP note the three very high strategic risks on the Force's risk register namely, Multi-Force Shared Service (MFSS) transfer of payroll system to the new Fusion solution, compliance with the new General Data Protection Regulations (GDPR), and the building of the new Bridewell custody facility.
- 2.3 In relation to the Force's Strategic risk register, JASP note the addition of one new medium risk, Stabilisation of the new Force model and the accompanying mitigation.
- 2.4 JASP also note the high risks relating to the NOPCC, Multi-Force Shared Service (MFSS) transfer of payroll system to the new Fusion solution, the uncertainty in relation to the announcement of the comprehensive spending review and the police funding formula, and the risk relating to having no agreed funding in place for sexual violence support service in the county.
- 2.5 JASP note accompanying Appendix 3 – which outlines more in-depth explanations of the mitigation in place in relation to the Force's very high level strategic risks.

3. Reasons for Recommendations

- 3.1 A Strategic Risk Report is provided to the JASP on a quarterly basis in order to keep the Board informed as to the level of strategic risk within the Force and NOPCC and provide assurance as to the effectiveness of risk management arrangements.

10 Changes in Legislation or other Legal Considerations

- 10.1 Where potential changes in legislation or other legal considerations represent a significant threat or opportunity for the Force or the NOPCC these are evaluated and managed in line with the Risk Management Policy.

11 Details of outcome of consultation

- 11.1 Each Strategic Risk has been assessed with the relevant risk owner and the DCC and Chief Executive of the NOPCC, respectively.

12. Appendices

- 12.1 **Appendix 1** – Force Strategic Risk Register
Appendix 2 – NOPCC Strategic Risk Register
Appendix 3 – Mitigation to Force's Strategic Risks

The new custody suite project is progressing towards the planning application stage with the general layout agreed allowing accurate costings to be prepared. Work is ongoing to complete the surveys necessary for planning above and beyond those carried out before the purchase of the land, for example into the accident data for the vicinity of the new build over the last three years. An agreement has been reached with the Environment Agency regarding the works that are needed to address the contaminated ground water and Willmott Dixon have obtained three quotations for the work which will commence ahead of the main contract. The site itself has been cleared and levelling work will be undertaken shortly. At the same time hoarding and fencing will be erected. The project is progressing in line with the anticipated programme.
