Overview of all ongoing actions from Audits & Inspections

Appendix 1 provides an overview of all ongoing actions from Audits and Inspections. The panel are recommended to scrutinise this information and to feedback on any further information or updates in any particular areas. This information will then be brought back to the next Audit and Scrutiny Panel for discussion.

Area Identified for further scrutiny –

The area identified by the Chair of the Panel for further scrutiny this period is the Nottinghamshire Police's approach to tackling Domestic Abuse which was a local HMIC Inspection completed in 2014. The key reason for this choice is to gain assurance of progress against key actions. The outstanding recommendation identified that the force should have a stronger, more formalised process on prevention, identification and management of serial and serious perpetrators, with clear responsibility and actions for officers, including how partner agencies will work with the police to reduce re-offending.

This recommendation was linked to national work which, at the time of the recommendation was identified as on-going. After completion, the force then undertook to bring the Domestic Violence cohort into the IOM process, so that Nottinghamshire would have a stronger focus on repeat victims and serial perpetrators.

The Serial Perpetrator management has now formally started and Offender Managers (Police, Probation and Independent Domestic Violence Advisor's (IDVA's)) have been identified to the most risky 'Top 40' offenders.

As of the 18th October the Top 40 serial Domestic Violence cohort were brought into the process and these have all been subject to at least one case review and the multi-agency working between Police, Probation, Public Protection Unit and IDVA's which has produced some great early wins.

4.6 Overview of KPMG Audit

The KPMG Audit of the OPCC/CC Statement of Accounts raised 5 recommendations. Corrective action has been taken against each of the points to ensure the Statement of Accounts for 2017/18 are fully compliant.

7. Equality Implications

- 7.1 There are no direct HR implications as a result of this report. HR implications resulting from specific actions will be managed on a case by case basis.

8. Risk Management

- 8.1 Some current actions involve the completion of formal reviews of specific business areas. It is possible that some or all of these reviews will identify and evaluate significant risks, which will then be incorporated into the Force's risk management process.

9. Policy Implications and links to the Police and Crime Plan Priorities

- 9.1 Any policy implications will be subject to current policy development process.

10. Changes in Legislation or other Legal Considerations

- 10.1 There are no direct legal implications as a result of this report.

11. Details of outcome of consultation

- 11.2 All planned actions are added to the action planning system, 4Action, for management and review until completion.
