Capital Report for Period 9; Quarter 3 2019/20

1. Purpose of the Report

- 1.1 The purpose of this report is to provide an update on the financial outturn position for capital as at 31st December 2019 (Period 9, Quarter 3).

2. Recommendations

2.1 Recommendation 1 Outturn Position

That the Police and Crime Commissioner note the outturn position as set out in Appendix A.

Recommendation 2 Virement

That the Police and Crime Commissioner note the virement approved by the Chief Constable under delegated powers, being below £100,000, as set out in Appendix B.

2.2 **Background**

The Capital Programme for 2019/20 to 2023/24 was presented and approved at the Police and Crime Panel Meeting on 7th February 2019.

The current capital budget for 2019/20 is £13,625k. This is calculated as slippage from 2018/19 of £1,470k and new allocations in 2019/20 of £12,155k.

Finance in conjunction with project leads and budget holders have continued to review the outturn position (Appendix A). At the end of December 2019 the projected year end outturn is £8,688k which is an increase of £238k on Period 8.

Actual spend to the end of December 2019 is £5,518k which is an increase of £1,675k in comparison to Period 8. Please also refer to section 8 of this report.

3. Reasons for Recommendations

- 3.1 To update the Chief Officer Team and the Office of the PCC on the Force's projected outturn position for 2019/20 and also to comply with good financial management and Financial Regulations.

4. Summary of Key Points

4.1 Executive Summary

The review during Period 9 of the capital expenditure is forecasting an under spend of £195k, a decrease of £113k against the last report and anticipated slippage of £4,743k, which is a decrease of £124k against the last report.

Monitoring continues to be problematic, with proven errors in the data recorded in the financial system. Work is progressing to address these issues. There is confidence that the budget set is robust and will be sufficient to manage capital plans during 2019/20.

The table below shows the projected Force under spends and slippage against the 2019/20 budget plus virements (revised budget) as at the end of December 2019.

Outturn variances greater than £50k in comparison to the previously reported month are explained in more detail within section 4 of this report.

Data explaining the variance between original budget and revised budget can be found in Appendix A. Data explaining the virements can be found in Appendix B.

4.2.1 New HQ Joint Build - Over spend £838k

A decision record to the OPCC has been indicated over the two last month's report, due to delays in receiving updated information from Gleeds this didn't happen. This is a multi-year project and overall the project is expected to be delivered on target.

4.3 Information Services – underspend (£168k), no slippage

4.3.1 Tech Refresh

IS are confident that the budget on this project will now be spent in totality. £128k spend is currently outstanding, this project has seen a

significant drive from both IS and EMSCU to achieve this on budget result.
