2016/17 Outturn Report - Quarter Two Update

1. Purpose of the Report

- 1.1 The purpose of this report is to provide an update to the Chief Officer Team on the forecast outturn position against the key financial performance headlines for Nottinghamshire Police for the year ending 31st March 2017.

2. Recommendations

- 2.1 It is recommended that the forecast outturn position for each legal entity and the net position for the Group is noted:

Entity	Budget £'000	Q1 Forecast Outturn £'000	Latest Forecast Outturn £'000	Budget £'000	Variance to Q1 £'000
Force	185,438	184,797	184,920	(517)	123
OPCC	4,729	4,729	4,729	-	-
	190,166	189,526	189,649	(517)	123

- 2.2 It is recommended that the Chief Officer Team agree the forecast position for the financial year ending March 2017 and approve the budget virements, as at the end of Quarter Two.
- 2.3 It is recommended that Chief Officer Team approve the virements for Quarter Two as contained in Appendix B.

3. Reasons for Recommendations

- 3.1 This complies with good financial management and Financial Regulations.

4. Summary of Key Points

4.1 Background

The full year net revenue budget for 2016/17 is £190,166k. This is split the Force Budget of £185,438k and Office of the Police and Crime Commissioner (OPCC) of £4,729k. At Quarter One the forecasted outturn was an under spend in the Force budget of £641k and an on budget position within the OPCC.

The Quarter Two review of revenue expenditure is forecasting an under spend in the Force of £517k and an on budget position within the OPCC. This is a reduction of £123k versus the Quarter One forecast. It is assumed that any underspends within the OPCC will be transferred to OPCC's Commissioning reserve.

This report gives consideration to the significant variances against the budget position in detail.

Analysis of the 2016/17 Revised Revenue Budget Outturn

Request for Virements

4.2 The main element of the virement within Premises costs is the transfer of the budget for intruder alarms of £159k to Other Supplies & services; and a virement for income being received from Derbyshire Police to cover premises costs for Lucerne House of £44k.

- 4.3 The main element of the virement within Transport costs is the re-alignment of the forecast for insurance costs £450k to Other Supplies & services.
- 4.4 The main reason for the virement from Comms & Computing relates to costs associated with the Agile Working Project of £792k these costs have been offset within income with funding from EMOpSS; Police Innovation Funding (PIF); and Collaboration contributions is for IT costs for £276k relating to the MFSS which should have been budgeted there in the original budget.
- 4.5 The main element of the virement within Other Supplies & services is the transfer of intruder alarms £159k; and realignment of insurance costs £450k.
- 4.6 The main element of the virement within Collaboration costs the transfer of comms & computing costs of £276k relating to the MFSS.
- 4.7 The main element of the virement within Income is from EMOpSS and PIF to offset comms & computing costs.

Opportunities & Risks

Since the Quarter One forecast was agreed the following are the main cost pressures, which largely have been mitigated through continued savings in officer pay:

	£k
Op Kinic (EDL march) costs	230
New Recruits and PIO's (net of staff that are transferring to be officers)	302
Increased Medical retirement costs	652
Increased Insurance costs	137
Increased collaboration costs for Forensics	208
Redundancy and pension strain costs	184
Increased MFSS costs including the payroll project	535
Realignment of Information Systems budget to MFSS	(240)
Long term interest partially offset by investment interest	(500)
	1,508

- 4.8 Police officer pay forecasted outturn is a saving £1,807k against the original budget for core funded; and a saving of £984k from the Quarter One forecast. This saving is in part due to changing the assumption for natural leavers from 4.5 to 6.5 FTE's per month until December and reverting back to 4.5 FTE's for the final quarter which is in line with HR data following a review of leaver rates over recent years. Over the remaining months this generates a saving of £79k against the Quarter One forecast; however this is a potential risk if the leaver rate starts to reduce. It has been assumed in the forecast that those officers reaching their 30 years' service will leave, unless otherwise advised by HR. The balance is in part reflecting actual savings made to date. This has been partly offset by the cost of new officers at c£240k being a Cohort 41 of 7 officers in November; Cohort 42 of 10 officers in January; and 10 officer transferees in February. This saving is over and above the efficiency savings

target of £9,230k included in the original budget. The forecast for 31st March 2017 based on the latest review is 1,780.3 FTE's core funded police officers and 1,855.1 FTE's in total (including seconded and externally funded). This is 59.8 FTE's lower than the budget which is in part due to closing 2015/16 with a lower number of officers (c20 FTE's), combined with the higher levels of natural leavers since in 2016/17 than anticipated.

Police staff and PCSO pay combined forecasted outturn is a saving of £699k against the original budget for core funded; this is a reduction from Quarter One of £81k. This is predominantly due to PCSO's where we have continued to see an increase in leavers, combined with savings generated due to closing 2015/16 with a lower number of FTE's than anticipated. On the current glide path it is forecasted that at the 31st March 2017 PCSO's will be at 185.3 FTE's and it is expected that a cohort of new PSCO recruits will be in place by the end of the financial year. Typically for a cohort of 16 PCSO's the salary costs are c£40k per month.

Additional savings have been realised through Bear Scotland payments which had originally been budgeted at £500k for the Force. Now that we have had several months of actual costs, we are forecasting a saving across staff and officers of c£100k.

At present some of the costs associated with the Niche capital project are under review, with the possibility that some agency staff costs may be charged back to revenue. If this occurs this will be a risk to delivering the Quarter Two forecast.

- 4.9 Overtime is forecasted to be a combined overspend by £375k against the original budget which is largely reflecting the year to date actuals. This overspend is mainly due to a number of operations being the Forest Fields shooting and Op Vermicular; and also reflects the impact of losing officers and staff over the first half of the year.
- 4.10 Transport costs outturn is forecasted to overspend by £146k against the original budget mainly due to quarterly review of insurance cost £137k based on the past three years average.
- 4.11 Other supplies & services outturn is forecasted to overspend by £792k against the original budget mainly due to professional fees in EMSCU of £371k which have been offset within income; consultancy fees within projects of £224k for Tri-Force; increased insurance costs of £105k; and ESN project team of £90k.
- 4.12 Collaboration contributions outturn is forecasted to overspend by £660k against the original budget; which has increased £524k from Quarter One. This is largely due to increased costs of the MFSS and the delay of the payroll project £318k; increased Forensic charges £248k; and £90k for costs in relation to Tri-Force collaboration project team.

- 4.13 Medical retirements outturn is forecasted to overspend by £652k against the Quarter One forecast. This reflects the estimated number of officers that could be potentially retired this year at 18.3 FTE's, compared to 11 in the budget.
- 4.14 Capital financing outturn is forecasted to under spend by £703k against the Quarter one forecast and budget. This is due to £159k from the Minimum Revenue Provision (MRP) being lower than budgeted largely due to the lower 2015/16 capital programme; combined with a reduction in the long term interest costs due to reduced borrowings than was originally anticipated.
- 4.15 Other costs is forecasted to overspend by £311k against original budget, which is largely due costs associated with Op Kinic (EDL march) at £230k; increased PNC costs £39k; office equipment £28k; and interpreters fees £15k.
- 4.16 Income is forecasted to increase versus the original budget by £383k mainly due to £118k additional income from EMSCU; £77k for the management fee from the camera/speed awareness programme; £63k to cover two analyst posts; a one-off transfer of £63k from externally funded projects for community protection vehicles and mental health; and £59k from Tri-Force collaboration towards staff costs.

The non-pay efficiencies target of £2,782k is still included within the projected outturn. Tight control of costs still needs to be maintained and all expenditure challenged to ensure the best use of resources, as if these efficiencies are not delivered then there is a risk to the year end.

Seconded Officers & Staff and Externally Funded Projects

- 4.17 There has been a review of the outturn for externally funded projects and seconded officers/staff which has resulted in the reduction in overtime due to not running Op Drosometer (speed awareness); additional partnership payments within the camera/speed awareness project, which have been offset by additional income; the management fee charge from the Force to the camera/speed awareness project; combined with the realignment of several budgets. These additional costs are not a risk to delivering the year end and are fully funded through income.

It is anticipated that c£501k will be required from the speed camera/speed awareness reserve to meet the costs of 2016/17. As at the end of 2015/16 the value of that reserve was £1,429k.
