Capital Report for Period 5; Quarter 2 2019/20

1. Purpose of the Report

- 1.1 The purpose of this report is to provide an update on the financial outturn position for capital as at 31st August 2019 (Period 5, Quarter 2).

2. Recommendations

- 2.1 Recommendation 1 Outturn Position
That the Police and Crime Commissioner note the outturn position as set out in Appendix A.

Recommendation 2 Virement

That the Police and Crime Commissioner note the virement approved by the Chief Constable under delegated powers, being below £100,000, as set out in Appendix B.

2.2 Background

The Capital Programme for 2019/20 to 2023/24 was presented and approved at the Police and Crime Panel Meeting on 7th February 2019.

The capital budget for 2019/20 is £12,797k. This is calculated as slippage from 2018/19 of £1,470k and new allocations in 2019/20 of £11,327k.

Finance in conjunction with project leads and budget holders have continued to review the outturn position (Appendix A). At the end of August 2019 the projected year end outturn is £9,742k which is an increase of £182k on P4.

Actual spend to the end of August 2019 is £2,242k which is an increase of £742k on P4. Please also refer to section 8 of this report.

3. Reasons for Recommendations

- 3.1 To update the Chief Officer Team and the Office of the PCC on the Force's projected outturn position for 2019/20 and also to comply with good financial management and Financial Regulations.

4. Summary of Key Points

4.1 Executive Summary

The review during period 5 of the capital expenditure is forecasting an under spend of £10k, a reduction of £251k against the last report and anticipated slippage of £3,044k an increase of £67k against the last report.

The under spend has considerably reduced since last month. The majority of the variance is within the Command and Control project where it is expected that £183k will be required for screens.

Monitoring has been exceptionally problematic so far this year, with proven errors in the data recoded on the financial system. Work is progressing to address these issues, it should be noted that the year to date actual spend has reversed the anomaly from last month, but is still considered inaccurate at this present time. There is confidence that the budget set is robust and will be sufficient to manage capital plans during 2019/20.

The table below shows the projected Force under spends and slippage against the 2019/20 budget plus virements (revised budget) as at the end of August 2019.

Variances greater than £50k are explained in more detail within section 4 of this report.

Data explaining the variance between original budget and revised budget can be found in Appendix A. Data explaining the virements can be found in Appendix B.

4.2.1 New Custody Suite – slippage (£3,044k)
